Chapter Library

Each meeting begins with time to network and visit our library. A great value for members, the library lends books and CD's for a small fee.

We now have CD's from both the NAPO and ICD National Conferences.

See the website under Members-Information and Documents for a list of our holdings.

Our Speaker:

Dena Moscola of Resolutions Coaching and Training spoke on Deep Listening

She taught us how to listen to our clients and what not to say.

Her presentation included role playing with a "client" and some "professional organizers".
